Collection Guide

Handmade by us. Exclusively for you.

Creativity lives at the core of everything that's MADE by Ann Sacks. Concepted, designed, and made entirely in-house at our Portland, Oregon factory, every tile begins as a lump of clay before it's meticulously shaped, using time-honored techniques, into a living piece of handmade art.

This collection ranges from modest to luxurious in look, feel, and price, with 80 colors to choose from across both Earthenware and Stoneware. Every style here can be customized to your own color and design specifications, so you have choice without compromise.

This is our handcrafted signature line, and it's at the heart of everything Ann Sacks stands for.
